Steam Engine Show Set For Aug. 3 - 6

The Will County Threshermen's Association will hold its annual steam engine show at Francis 4-H Field, New Lenox Township, Aug. 3, 4, 5, and 6. Two other dates, Aug. 7 and 8, have been selected as "rain days," in the event the weatherman is not entirely cooperative.

IN APPAREL contest at South Cook 4-H show was Lynn Wiese, 13, of Schaumburg. He made the shirt he modeled. One can't raise animals in Schaumburg, Lynn's mother explained, so he took up sewing and baking for 4-H projects. He plans to be an architect. Lynn didn't get a prize but maybe those in charge never thought of having a boy in the apparel competition and neglected to list shirts. Come to think about it, no shorts were modeled either. A new-car type warranty for used-Ford buyers!

FORD MOTOR COMPANY

Used Car

Power Train Warranty

Ford Motor Company warrants to Purchaser of used 1-, 2- or 3-year-old Ford-built cars certified and registered by an authorized Dealer, that the Dealer, using genuine new Ford or Ford Authorized Reconditioned parts, will repair, free of charge including related labor, any Power Train part which fails in normal use and service within (I) 24 months from the termination of the New Car Warranty (or from the date the Used Car Warranty is registered, if that is later) or (II) 5 years from the date of production, or (III) 50,000 miles of total operation, whichever comes first.

The Purchaser will pay only the first \$25 of the total warranty repair bill and must present his Owner Card or Warranty Certificate.

Power Train parts include: engine block, head, and all internal engine parts, oil pan and gaskets, water pump, intake manifold, transmission and all internal transmission parts, torque converter, driveshaft, universal joints, rear axle, and all rear axle internal parts, and rear wheel bearings; but exclude related items such as ignition, electrical, cooling and fuel systems, engine or transmission controls or linkages, manual gearshift

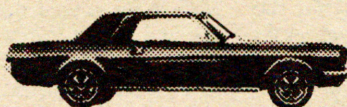

lever, clutch or brake assemblies or wheels, tires or tubes.

The Warranty is not transferable and does not apply to failures caused by abuse, neglect or inadequate maintenance, repairs attempted by non-authorized dealers, accidents or other casualty.

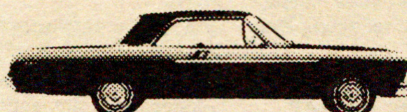

*Every 6 months/6,000 miles: engine oil and filter should be changed, breather cap and air filter cleaned and transmission and axle fluid levels checked. The 24/50 Power Train Warranty on late-model used Ford cars is like money in the bank. It gives you a feeling of security—whether you ever have to use it or not. But if you do have to use it, it's backed by the factory that built your car. And that says plenty about the quality of a used Ford.

JAMES PEYTON
Telephone: 532-1516

The portable Rabies Inoculation Clinic set up at the Tinley Gardens Playground was operated so smoothly that the inoculations took only fifty minutes and all but four dogs in the entire community are now protected against rabies. The four not protected are too young to receive the vaccine. The veterinarian noted that due to the number of very young dogs that we are a hot spot for distemper and each dog owner should get the distemper shots as this particular disease accounts for about sixty percent of the deaths of dogs.

Once again our baseball team faltered at the hands of the Arbury Hills "B" team Saturday evening by a lopsided score of sixteen to six however, we still won't quit. We were without four regulars who are vacationing and therefore the score is not a true story of our efforts to produce a winner. We are not disappointed in the way our boys play ball in this their first year. Even the people at Arbury Hills who saw the game admired their determination to win even though they had lost already. Right up to the final out they played like they should be the winners instead of the losers. They were still scheming to try to get some runs by bunting or stealing bases or whatever to get some runs. We are really proud of these boys and we will be there to cheer them on to victory each and every game that they play.

I would like to start this week's story by apologizing for omitting the name of my good friend and neighbor Mr. Ted Bronkema in my story last week about the help I received in repairing the entrance sign. Room Ever Present Problem For Orland Grade School Dist.

The Orland Park grade school board is laying plans for the coming school year to care for the expected increased enrollment. Three additional teachers and seven replacements have been employed for September.

Concern was expressed regarding the overcrowding of existing buildings at the present time, and the board has had under study since last January projections of enrollments and future building plans for the district in an effort to avoid similar conditions in the years ahead.

Mokena Has Chance To Buy Parking Lot

What to do with the Rock Island property along Mokena's Front St., is a question that Mayor Eric Book discussed before the Mokena Chamber of Commerce at its recent meeting.

The property, now used as parking lot by commuters for the most part, is for sale, the mayor said. It could be put to commercial use, it was pointed out, in which case it would be sold to some private individual or firm. If the tract is used as a parking lot a private individual or firm could still be the purchaser but the village also would be a prospective buyer.

For several years now, it was pointed out, the village and the Rock Island Lines have been talking of improving the parking area. The village has been asking the railroad to have the work done and pay for it. The railroad, on the other hand, would like to see the village do the paying.

Barton Juel, former NI-Gas official, now retired and turned executive of the industrial division of the Greater Joliet Chamber of Commerce, spoke about I-80 which is scheduled for completion late this fall. Completion of the missing link in this transcontinental highway will have a tremendous effect on the economic development of the area in which Mokena is a part, Juel said, and cautioned that such development must be planned and controlled if the greatest benefits are to be derived.

Mrs. Gordon Holleman, representing the Mokena Garden Club, was another speaker at the Chamber meeting. She urged that members of the Commerce body support and aid in the campaign to trim and tidy unkempt vacant lots in the community and get property owners interested in the club's clean - up campaign.

The Farm team all-stars played a return game against the "B" team all-stars and were defeated a second time by the score of seven to two. The other "B" Team all-stars played an exhibition game against the New Lenox "B" Team and were blasted in a twelve to zero shut-out.

The Len Gunty Farm Team finished their playing season with two games last week. The first game against the Frankfort Farm Team ended in defeat for our boys by the score of nine to one.

The second and final game of the season was played against the Glen Pierce Farm Team, and as far as Gunty's boys were concerned it should never have been. They were demolished by the score of eighteen to one.

The "B" Team managed by Don Rutan had one game last week against the Frankfort "B" Team with much more pleasant results. The game played at the Frankfort field was a resounding victory by the score of twenty-two to ten, not exactly a tight pitchers battle, but lots of fun for our winning boys.

Bud Cumbee's "B" Team played one regularly scheduled game against Lincoln Estates and continued their winning ways by the score of fourteen to nine. The boys have had an undefeated season to date.

On Friday Cumbee's Team also played an exhibition game against Tinley Park

and chalked up an off-the-record win by the score of seventeen to six.

The "A" Team managed by Foster Tekotte had two games last week with happy results for both games. Last Monday our boys played the Frankfort team and won by the score of ten to three with the help of a five run inning with Jim Jensen providing a two run double.

The second game pitted the "A" Team against the Mokena Dodgers with the final score being a win for Arbury Hills fifteen to six. A five run inning with six hits in a row helped out the victory.

The Pony Team had one game played last week with our boys losing to Mokena by the score of eight to zero. The Mokena pitcher, Billy Clay, had a no-hitter going until the final inning when Larry Larsen managed a single to spoil it, but the shutout remained intact when

he failed to score.

The Arbury Hills Cadette Troop sponsored a young peoples dance in the school yard last Saturday evening. It was billed as the Battle of the Bands with two bands competing; the Kontroverses versus the Reasons Why. In the voting by those attending the Kontroverses won by a slim two vote margin.

LIVESTOCK SUMMARY
When selling livestock private one person is setting the price. Here at the Auction prices are set by many buyers bidding. Livestock is sold only to the highest bidder. If you are selling private and underestimating a calve 20 pounds that's worth \$35.00 per hundred your loss is \$7.00 per head. Many country buyers cannot buy in an Auction because prices are too high for them. Consider these facts when selling livestock.
